## The Fount of Knowledge a symposium on st john of damascus

The Pappas Patristic Institute invites you to a symposium honoring the work of Norman Russell and his translation of *On the Orthodox Faith* by St John of Damascus. Hailed as the 'seal of the Fathers,' St John of Damascus is the author of a collection known as the *Fount of Knowledge*, a three-volume *summa* of both the 'outer' and 'inner' wisdom handed down by the Church. This symposium brings together some of the foremost scholars of the Damascene's thought in order to explore topics in ancient philosophy, Trinitarian theology, Christology, and more.
